To Whom it may concern,

I am writing this letter to recommend the services of the PPS Group Inc.. I have been using PPS Group for more than 5 years and they consistently do a great job in my office building, Manufacturing Plant and Warehouses. Their employees are professional, punctual and thorough. In addition, PPS has great rates and a range of options that allows me to select only the services that I Require.

In my workplace, many Hazardous materials such as Solvent, Glue and Grease are common place. PPS staff members take all of the cleaning in stride, keeping our working environment pleasant and fresh every single day.

PPS will tackle more specialized tasks as well, from High Dusting, packing and unpacking offices to detailing executive boardrooms, Painting and general maintenance, saving me the hassle of trying to find a different company to handle occasional jobs. Most importantly, I have never been anything less than completely satisfied by the work that PPS has done, so I confidently recommend them for all of your company's cleaning requirements.

Sincerely,
Richard Sparks
Director Operations
